(c) Usually February, March, April and May.

**Mr. A. Eachara Menon.**—Was there not a requisition from the Medical Officer of Tattamangalam to send quinine earlier in 1105?

**Diwan Bahadur Dr. V. Verghese.**—There was no special request from the Medical Officer at Tattamangalam. I admit there was a little delay in sending quinine to him. The delay was caused because there were some other medicines also to be sent to him. They were not ready here, and we thought that the quinine could be sent to him along with the other medicines. It should have been sent earlier.

**Mr. A. Eachara Menon.**—Is not quinine used for fever?

**Diwan Bahadur Dr. V. Verghese.**—But there was plenty of quinine in Chittur. It is only a subsidy given by the Government to the private practitioner and not to the public in general. If at all there was an absolute necessity, he could have got it from the hospital at Chittur.

**Mr. A. Eachara Menon.**—What is the use of the subsidy, if it is not given at the proper time?

**Diwan Bahadur Dr. V. Verghese.**—There was a very large quantity in the Chittur hospital.
